### Skill Level (*please circle one*):

*Beginner Advanced Beginner Intermediate Advanced Intermediate Advanced*

### Volleyball Experience, (*please circle all that apply*):

*Never Played Before Recreational High School Intramural*

*High School University/College Intramural University/College Varsity Team*

### Skill Level Chart:

*Rough guideline to help you out with your skill level*

#### *Recreational Volleyball:*

*For new players or totally fun teams, some bumping and setting. Will not make 3 hits each time.*

#### *Intermediate Volleyball:*

*For players with some experience - more bumping and blocking. At this level players must be able to bump and set with accuracy, otherwise you should consider the recreational division.*

#### *Competitive Volleyball:*

*For solid players, all team members can bump and set with accuracy. Hard hitting and blocking. Quick game, good ball control. Players should not register for this level with out the above listed skills.*
